Increase cases of fraudulent Tyvek® garments being marketed

Dear customers,

At DuPont we are receiving an increased number of reports about fraudulent products that bear the TYVEK® trademark. In particular, there is a rise in the number of counterfeit protective suits that claim to be made of DuPont™ TYVEK®. There may also be claims these suits provide protection from the coronavirus (COVID-19).

Authentic DuPont™ Tyvek® protective apparel and suits are available through our network of distributors. You can find a list of distributors at dpp.dupont.com in the “Where to Buy” section of our website.

We are committed to ensuring that only DuPont manufactured, or approved PPE is marketed and sold bearing the DuPont™ Tyvek®, ProShield®, and Tychem® brand names. At DuPont we are proud of our long history of science-based innovation and safety. Our effort to provide you with quality products are integral to our mission.

If you need assistance or have concerns about potential counterfeit products, please contact the DuPont Brand Protection Team at brand.protection@dupont.com or mycustomerservice.emea@dupont.com

Yours sincerely,

Andrzej PALKA
EMEA Marketing Manager
