

«DUPONT»

Nomex[®]
Xtreme Performance

Our new Nomex[®] Xtreme Performance solutions provide firefighters and emergency responders with the ultimate in protection, thermal performance and toughness

They combine the tested and proven heat and flame protection of DuPont[™] Nomex[®] with the lightweight strength of DuPont[™] Kevlar[®] and the thermal damage tolerance and durability of high-performance materials such as PBO, Nomex[®] Nano and Nomex[®] Nano Flex.

Built-in heat and
flame resistance

Unmatched
mechanical strength

Superior durability
and comfort

DuPont™ Nomex® garment manufacturer partners offering Nomex® Xtreme performance

Product offering

S-Gard

Nomex® 360 for turnout gears,
Nomex® Nano Thermal liners
Nomex® NanoFlex hoods,
tech rescue, wildland

MSA Bristol

Nomex® 360 for turnout gears,
Nomex® Nano Thermal liners
Nomex® NanoFlex hoods,
tech rescue, wildland

Scantex

Nomex® 3DP-PBO for Turnout gear,
tech rescue

Sioen

Nomex® Nano for particulate tight wildland suit,
Turnout gear, tech rescue,

Viking Life Saving Equipment A/S

Nomex® NanoFlex hoods, Turnout gear,

Deva F-M. s.r.o.

Nomex® NanoFlex hoods, Turnout gear,

DuPont™ Nomex® Nano Flex partners for hoods

Product offering

Fuchshuber

Nomex® NanoFlex particulate blocking hoods

Original Buff

Nomex® NanoFlex particulate blocking hoods

PGI

Nomex® NanoFlex particulate blocking hoods

Viking

Nomex® NanoFlex particulate blocking hoods

Fabric/converter partners

Product offering

Fritsche

Nomex® 3DP-PBO

Safety Components

Nomex® 360,
GlidIce with Nomex® Nano Thermal liners

TenCate Protective Fabrics

Agility Outer shell,
Titanium with Nomex® Nano Thermal liners

Alpex

Nomex® Nano and Nomex® NanoFlex laminates
for particulate protection
